

You will be in a group of people from the same Language Arts class for the next three days. Your group's job is to research a specific time period from the Holocaust. Group categories/time periods are: Rise of the Nazi Party, Nazification, Ghettos, Camps, Resistance, Rescue and Liberation, and Aftermath. Presentations will go in this chronological order.

1. You will be teaching us about your time period by acting as a teacher for a day. You MUST use Google Presentations (10 slide minimum excluding title slide) and then share with me as well as all your group members. You may use more than one visual aid. Feel free to also use pictures, posters, video clips, etc. Your goal is to 'teach' us about your time period as best as you can by researching and planning a presentation. You may use handouts, worksheets, discussion, games, etc. for your teaching. Teaching time may be anywhere from 5 minutes to 15 minutes.

Use this website first and foremost for accessing specific information about your topic: 1. <http://fcit.usf.edu/holocaust/timeline/timeline.htm>

Below are some websites that you may find useful:
